

Daily United States Weather Map

WEATHER CONDITIONS.
Low pressures are again reported throughout the territory from the Pacific coast eastward to the upper lakes, with the greatest barometric depression this morning over southern Utah, and scattered showers and thunderstorms have occurred from the north Pacific coast and the northern portion of the Rocky mountain region eastward to the north Atlantic coast. High temperatures prevail throughout the central valleys, but a sharp increase in pressure, accompanied by much cooler weather, is noted in Saskatchewan and Manitoba. The crest of the eastern high is off the coast of New England. The eastward movement of the southwestern low and the approach of the northwestern high will be attended by continued unsettled weather in this vicinity, with thundershowers tonight or Friday and somewhat cooler Friday.

Today's Market Quotations

CHICAGO MARKETS.
(By Associated Press.)

Chicago, Ill., June 26.—Cattle 5,000; slow, generally steady. Beef 8.70@8.85; light 8.65@8.90; mixed 8.55@8.90; heavy 8.35@8.55.
Sheep 8.00; strong; 5.00@6.10.

Speculative demand proved active enough to bring about an advance in the hog market run here differing from the river cities, high turned out to be only moderate. Although the supply of cattle was not over plentiful, buyers took their time. Previous appointments on the selling side seemed to have demonstrated that the need of beef is not urgent. Packers received direct today more liberal consignments of sheep and lambs. As a consequence an eagerness to pay advances asked on the open market was less pronounced than of late.

Alone at "Death Farm."
Elgin, Ill., June 26.—Manny Sleep of East Plano, is now alone at the "death farm" as far as his family is concerned. His wife and two babes were murdered by Herman Coppes, a 14-year-old state ward, two months ago. Later his eldest daughter, Hattie, refused to keep house for him. Yesterday the Kane county court took the last member of his family, Ida, aged 10, away from him and gave her into the custody of an uncle, Fred Sleep, of Waukesha, Wis.

\$50,000 Fire at Sessor.
Du Quoin, Ill., June 26.—Fire which destroyed the entire business district of Sessor, northeast of here, did about \$50,000 damage Tuesday. The blaze originated in a building struck by lightning and was soon beyond control of the volunteer fire fighters. Two squares were razed and the town was cut off from all wire communication with the outside world.

Staunton Home Burns.
Staunton, Ill., June 26.—While the family was away from home the fine two-story residence of James P. Cruse in this city caught fire and burned to the ground. The loss is estimated at \$5,000, which is partially covered by insurance. The origin of the fire is unknown.

Accepts Ohio Pastorate.
Taylorville, Ill., June 26.—Rev. E. C. Pires, pastor of the Presbyterian church the past four years, Sunday morning announced his resignation to his congregation, effective the first of September when he goes to Fostoria, Ohio, to take charge of the First Presbyterian church, having been called to that charge following trial sermons two weeks ago Sunday.

Plans Dress; Then Dies.
Springfield, Ill., June 26.—Three weeks ago Miss Helen McGraw, aged 18, planned the details of her graduating dress in which she would deliver the salutatory address of the Ursuline convent graduating class. Yesterday she was buried in that same dress so carefully designed by herself. Two days before the graduating exercises, which were held last Friday evening, she contracted a severe cold and was removed to St. John's hospital, where she died of bronchial pneumonia. The body was removed to Mt. Puraski where the funeral was held.

Hunt Wolves and Foxes.
Leaf River, Ill., June 26.—H. W. Palmer, on his way home last week from Oregon, coming through the hills of Rockvale township saw a very large female wolf. He drove up to within three rods of her. The next morning, he in company with several other men, went to capture her and her cubs, but they had taken their departure. Her den was found. After hunting through the forest for a while Mr. Palmer espied a large red fox, which he shot.

FARMER MAY GET A NEWS SERVICE

Washington, D. C., June 26.—A market news service for farmers and truck gardeners who raise perishable products may be established by the recently created office of markets of the department of agriculture. The feasibility of the service is to be studied by a specialist of the office, who will also take up the best way of making statistics of demand and supply useful to the farmer. Prices received by producers, cost of transportation and storage, change of ownership, accumulated charges, profits and other elements will be investigated in this connection. Other specialists will give attention to cooperative organizations of producers and consumers and assist in the formation of new cooperative enterprises. An expert in accounting will assist such organizations to keep their books and record effectively, to establish cost systems and follow-up methods of handling goods.

TUT TUT, WILSON GOLF CUSS WORD

Washington Caddy Explains How President Relieves His Playing Anger.

Washington, D. C., June 26.—President Wilson has introduced a new form of denatured explosive expression into administration circles. Where Roosevelt relieved his feelings by snapping out the ejaculation, "By Godfrey," Wilson is said to seek the same relief in the expression "Tut-tut." But it is said to be no mollycoddle "Tut-tut." It is enunciated with emphasis and earnestness of feeling.
Robert Emmet Taylor, a 14-year-old caddy of the Washington Country club, told the story today. Incidentally, Taylor thinks Wilson the greatest man in the world. He is silent, though, on the quality of the president's golf form.
"The president struck the ball," said Taylor, "and it rolled right to the edge of the hole. I sneaked over close, for I know what they usually say when this happens on the course. The president looked peeved. He opened his lips to say something and I picked up my ears.
"Tut-tut," said the president. "That was all."

JOY RIDER PILOT DIES IN ACCIDENT

H. A. Gregory, Chicago, Killed When Machine Strikes a Bridge.

Chicago, June 26.—Harvey A. Gregory, manager of a circulation bureau, was killed early today when his automobile, in which another man and two women were passengers, skidded into the railing of a bridge.
Others of the party were Charles Summers, Miss Myrtle Peter and Miss Minnie Bristol. Miss Bristol was reported thrown into the water and drowned at first, but Summers and Miss Peters said she, like themselves, escaped with a few bruises. Gregory's wife and three children were found at their home after the accident. She had never heard of the women who were with her husband. The Gregorys have been married 10 years and came here from Grand Rapids, Mich., in 1911.
The impression that Miss Bristol escaped proved erroneous. Her body was recovered this afternoon.

Wisconsin Couple Drowned
Stevenspoint, Wis., June 26.—Walter Voight of Tisch Mills, Kewaunee county, and Miss Rose Crueger of this city were drowned in the Wisconsin river. They had been rowing stopped to change places when the boat capsized. Voight was a senior in the rural school course at the normal school.

War on Rowdism.
Chicago, June 26.—President Johnson of the American league, declared a relentless war on rowdism on the ball field today. Discussing the suspension of Joe Jackson of the Cleveland team, Johnson said he was determined to suppress such outbreaks of roughness.

Scouts Ahead of Time.
Youngstown, Ohio, June 26.—Boy Scouts carrying President Wilson's message to Mayor Harrison of Chicago reached the city at 11 o'clock last night, fully five hours ahead of time. As a consequence the message laid here until the regular hour for departure, 4:45 a. m., when the local Scouts started west.

Decision to Camp.
Los Angeles, Cal., June 26.—Eddie Camp of San Francisco was awarded the decision over Charles Le Douar, the Frenchman, after 20 rounds of fast and hard fighting in the arena at Vernon last night. The Californian was too clever and shifty for the foreigner, but the battle was one of the best seen on the coast in a long time.

The "Wonder Tour" Through the Northwest

Have you ever been to Glacier National Park? Have you ever been to Yellowstone Park? Have you ever been to the North Pacific Coast? No?
Well, I would like to have the privilege of explaining how you can arrange a summer tour to include all three, stopping at Glacier on the way out and Yellowstone on the way back.
It's the most interesting, fascinating trip in the world, and Railroad, Hotel and Stage facilities are so perfect now, that the trip is a joy from start to finish.
I would like to send you maps and pictures and booklets describing these places, and I would like you to let me help you plan a trip and tell you all about the service and the cost. Will you allow me to do this?
